The Breath to Creation's Potential Power & Consciousness

Students initiated into Babaji's Kriya Yoga are eligible and invited to participate in a weekend retreat with the second initiation into Babaji's Kriya Yoga. The Antar Kriya Yoga initiation retreat consists of a day of dedicated practice (*tapas*) in sacred silence (*mauna*), with a new kriya kundalini pranayama technique complementary to the one of the first initiation, more healing pranayamas and meditation practices, a day with personal mantra initiation (*diksha*) after a sacred fire ceremony (*yagna*), and is dedicated to the integration of Kriya Yoga into our daily life activity. Both initiations represent the two wings of one comprehensive kriya yoga body, they can be attended one after the other with a varying time span inbetween. This training requires a peaceful environment and time apart from the preoccupations of one's daily life at home.
