These will also inspire you and help you to overcome any difficulties you may experience. Particularly in the beginning, students may experience difficulties such resistance to change, difficulty in finding time to practice, self-doubt, and conflicts born of unrealized expectations. The practice of Babaji's Kriya Yoga is a long-term process of

transformation, which requires the intelligent application of one's willpower to the skilled use of the techniques you have begun to use.

Even before the Covid 19 pandemic, during the past several years, the ability of Babaji's Kriya Yoga Trust, a registered, tax exempt charitable organization in Bangalore, to cover the indirect costs associated with the seminars, including staff salaries, rent for our ashram, electricity, telephone, internet, and maintenance charges, and to remain self sufficient financially from the sale of publications has been taken away by the effect of high inflation, led by rent and salaries, and an inability to increase the price of our books, our sole source of income aside from donations.

To remedy this situation, we developed and implemented an Ecommerce bookstore. And we have decided to make this appeal to initiates for donations. I am sharing this information with you so that you will appreciate why we need your financial support to help us cover not only the above indirect costs of your seminar, but the future projects described below.
